The national healthcare debate has created widespread awareness of the U.S. Healthcare Crisis. Doctors - even specialists like Dr. Charuzi - are facing many daunting challenges as the medical landscape continues to shift towards ever more impersonal visits. To counteract this trend, *Enhanced Cardiac Care* aids patients and their cardiologists in the creation of a healthcare partnership that seeks to improve communication, availability, and overall well-being. By working in tandem with your primary care physician, your *Enhanced Care Cardiologist* can better assist you in achieving both your short and long term healthcare goals.

Dr. Charuzi is dedicated to providing each and every one of his patients with the finest in cardiac healthcare, health research and education, and appointments that start on time and last as long as necessary.

Longer visits will allow Dr. Charuzi to spend extra time to focus on your cardiovascular care, health and wellness.

By limiting his *Enhanced Cardiac Care* practice to 100 patients, Dr. Charuzi will be able to partner with you to optimize your health.

Knowledge, paired with medical support and patient effort, can help people significantly lower their risk for cardiovascular disease.

Centered on your cardiovascular health this partnership will enable increased patient-doctor interaction, enhanced communication and on-going patient education.

Dr. Charuzi understands that taking a more active role in the health of his patients is an important way to directly assist patients in their efforts to increase life expectancy, quality of health, and overall satisfaction.

IT'S ALL ABOUT YOUR HEALTH

“When patients commit to their health by retaining a SignatureMD affiliated physician, they can rest assured that their doctor has the time, motivation and deep commitment to keep them healthy, active and vibrant. Our doctors understand that you are the client, listen to what you have to say, answer questions, and are not satisfied until you are satisfied.” – Matt Jacobson, President & CEO

Isn't it time you made the most important investment of your life, the investment in your health?
