- Office visits for visiting friends and family

*Isn't it time for you  
to invest in you?*

## A Partnership for Proactive Care

We will work together, in partnership, to optimize your well being. The first step in this process is the development of a customized wellness plan based on your annual physical exam and detailed health history.

After the physical and health history we will meet and discuss the results of your examinations and tests, identify areas on which we need to focus, and craft a wellness plan customized just for you. We will work together to ensure that you are implementing your plan.

If you are not realizing the results you desire, we will adjust your plan. While we will bill your insurance for the physical, you will not be required to pay any additional out-of-pocket fees above your standard co-payment and deductible. Lab tests and x-rays may be charged separately.

# Why Personalized Care, Why Now?

Simply put, the current US Healthcare model is broken. Today's Healthcare system focuses on disease management rather than wellness management. Decreased payments for medical services and mounting paperwork are keeping quality physicians from spending enough time with patients. Primary care medicine is no longer based on the one-on-one relationship between physician and patient, but has devolved into an impersonal system in which patients are seen by anonymous medical providers.

Thoughtful patients are therefore taking a serious interest in proactively managing their own health by changing their focus from visiting the doctor only when they are ill, to working with their doctor to stay healthy.

## Dr. Luke Megna

is committed to each and every one of his members.

Dr. Megna completed his undergraduate degree at Washington and Lee University while double majoring in Chemistry and Biology. In 1987 Dr. Megna graduated with his medical degree from St. George's University.

With a focus on preventive medicine, Dr. Megna completed his residency at the University of Florida in Jacksonville.

Dr. Megna has served on the board of directors and as a delegate for the American Medical Association.

By limiting his panel to 300 members, Dr. Megna will be able to partner with you to optimize your well-being.

**As one of a few hundred, rather than one of a few thousand patients, members enjoy more time with and enhanced availability and service from their personalized Physician.**

This partnership will enable increased patient-doctor interaction, patient education and follow up.

By taking an active role in their healthcare, people may detect early signs of serious illness and improve overall well-being.

## Is It Worth The Cost?

**Membership fees cost approximately \$5 per day\***

\*Approximation based on typical "Annual Membership Fee"

The peace of mind of knowing that your trusted physician, Dr. Megna, is just a phone call away and that he will have the time to care for you to the utmost of his abilities is priceless.
